

# ValueChainINSIGHTS

The essential resource on pharmaceutical manufacturing, sourcing/procurement, and supply management.

## Editorial Submissions: Press Releases/News

DCAT Value Chain Insights reports on the news of pharmaceutical and biopharmaceutical companies, contract service providers, and suppliers. Press releases may be submitted to **Patricia Van Arnum, Editorial Director, DCAT, at [pvanarnum@dcat.org](mailto:pvanarnum@dcat.org), Main line: 609.208.1888** for editorial consideration. News of interest includes:

- Mergers, acquisitions, partnering activity, and organizational changes of pharmaceutical and biopharmaceutical companies, contract service providers, and suppliers
- Manufacturing news, such as increases in capacity for new facilities or expansions
- Service additions, such as adding new capabilities/services from contract service providers and suppliers
- Technology/New product news, such as advances in manufacturing technology (API synthesis, biologics, drug product, drug delivery, packaging, and IT-based tools supporting drug manufacturing and the related supply chain)
- Personnel/Staff appointments; please include photo where appropriate.

## News Developments Outside DCAT Value Chain Insights' Editorial Scope

- Drug discovery
- Clinical progression of drug candidates
- Health/medical news
- Press releases announcing awards, company participation in trade shows/industry conferences, and general information on a company and its capabilities.

Press releases are submitted for editorial consideration; the decision to publish information from a press release as a new story in *DCAT Value Chain Insights* is made by DCAT Editorial Staff.

*Top Industry News*, a companion newsletter, delivered by DCAT to its members each Friday, highlights the top 10 major news stories of that week. The top news stories are selected by DCAT Editorial Staff based on the importance of that news to the industry as a whole. DCAT does not accept specific press releases to be considered for *Top Industry News*.

**The Drug, Chemical & Associated Technologies Association (DCAT)** is a not-for-profit, member-supported business development association for the global pharmaceutical manufacturing industry. DCAT is committed to providing programs, events, and services that help its members expand their network of customers, suppliers, and colleagues in the industry. For more information, visit DCAT's website at [www.dcat.org](http://www.dcat.org).
