SCHOTT Pharma

Dora Rio

Global Head of Sustainability,
SHL Medical AG

Moderator: Maria Skinner

Head of Sales, Arcondis

A Future Lab is also a sustainable lab

Labs are **resource intensive** parts of the value chain.
Many elements of a **Future Lab** provide sustainability benefits.

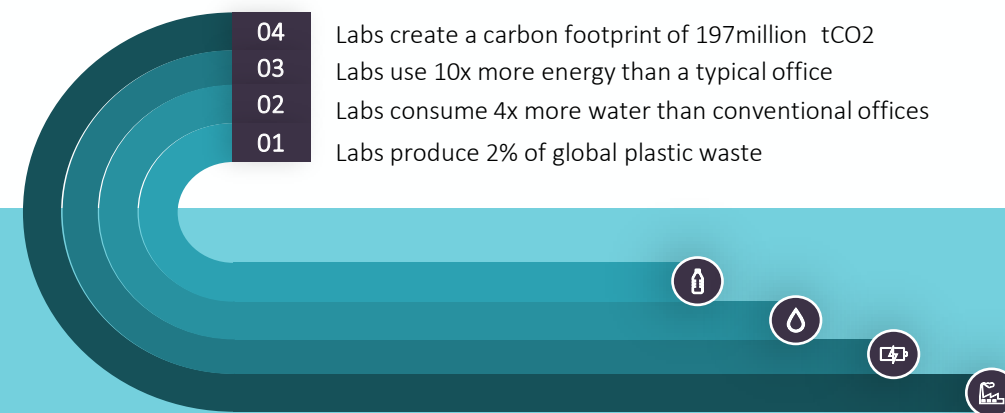

ILMAC 2023
Bringing the **planetary boundaries** to the lab

Sustainable lab implementation

Transform labs into a sustainable lab & get labs certified by **My Green Lab** as part of the process.

Leveraging our subject matter expertise, at Arcondis, to support our clients end to end throughout this transformation to fill the gaps & accelerate the transition.

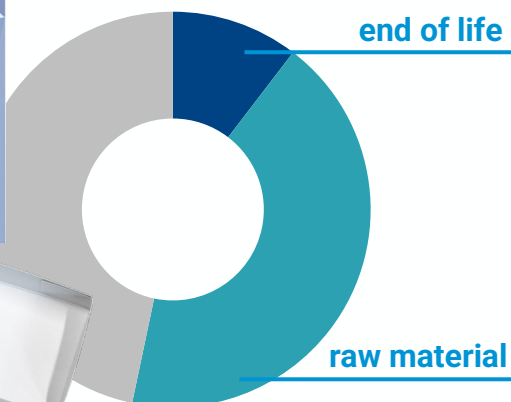

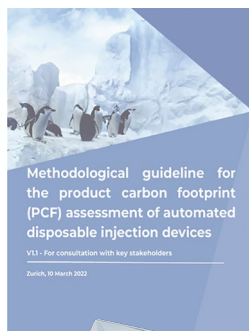

Arne Kloke

SCHOTT Pharma
Alliance to Zero

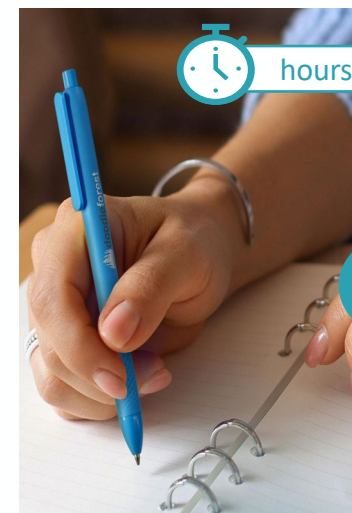

Facilitating the transition

to net-zero injection device products on the market by 2030

Net zero requires circularity!

Do we have to burn it all? — Is recycled content really critical?
